HORIZON EUROPE
Digital Europe Programme
Connecting Europe Facility

Commonalities and differences

European Commission

Horizon Europe

- EU's key funding programme for Research & Innovation (budget: €95.5 billion)
- Facilitating collaboration
- Strengthening the impact of research and innovation in developing, supporting and implementing EU policies while tackling global challenges
- Supporting the creation and better dispersion of excellent knowledge and technologies
- HaDEA implements Horizon Europe Cluster 1 (Health) and part of Cluster 4 (Digital, Industry, and Space)

European Commission

Digital Europe Programme

recap the main objectives

strategic autonomy

Compete globally

Other regions of the world invest huge amount of public capital in advanced technologies. For example, the US and China spend € 10-20 billion annually on AI alone

Achieve scale through collective co-investments

Given the size of investments needed, scale required and risks involved Europe needs to pool the resources together

Regain control over Europe's value chains

and ensure Europe's technological sovereignty

Better address Europe's economic and societal challenges

E.g. climate, health, mobility and public services

Ensure broad take-up of digital technologies across all regions of EU

In deploying latest technologies to offer best services to citizens and business

Support SMEs to acquire or access the latest technologies and skills

More than 400,000 EU vacancies in these fields

European Commission

CEF-Digital programme 2021-27

5G for Transport Corridors

5G & Edge Computing for Smart Communities

Digital Global Gateways

Quantum Communication Infrastructure

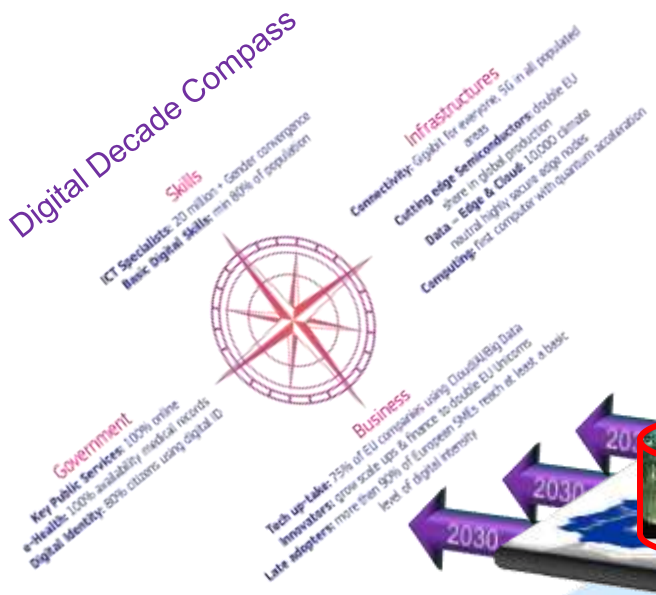
Operational Digital Platforms

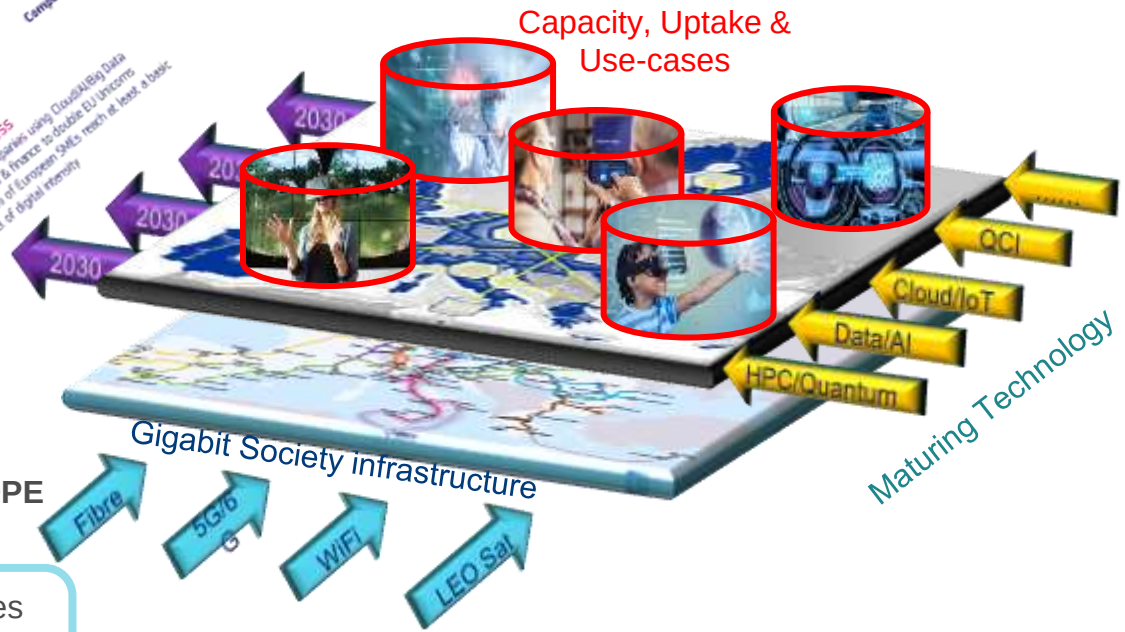
Support Actions

European Commission

DIGITAL EUROPE

- EU-Wide deployment
- Strategic capacities
- Advanced digital skills
- Testing Facility





HORIZON EUROPE

- Preparing/maturing technology & progress (AI/Quantum…)
- By-design regulatory compliance (e.g. privacy friendly, unbiased AI)
- Leading & best in-class (e.g. strategic open autonomy, quantum)
- Prosperity, people & planet lens (green tech, societal challenges, industrial lead...)

CONNECTING EUROPE FACILITY

- Strategic Backbones
- Fixed + Wireless Connectivity

European Commission

Different Funding Instruments

European Commission

Under the Horizon Europe

- Funding schemes : Similar but not exactly the same to Horizon Europe, e.g.
  - Research and Innovation Actoins: 100% funding
  - Innovation Action: 100% funding for Non-Profit entities, 60% for the others
  - CSA at 100%
  - Price
  - …
- Focus is on delivery of efforts.
- Open for funding to EU & Associated States, possibility for others to participate at zero costs

European Commission

Under the DEP

- Funding schemes : Similar but not exactly the same to Horizon Europe, e.g.
  - Grants with cost reimbursement 50% for everybody or with 75% for SMEs (if support to SME actions
  - CSA at 100%
  - Wider use of procurement
- Focus is on delivery of actual results. It will make use of the most recent research results, but it does not support research.
- The Call texts specify the detailed information needed to submit a proposal
- The programme has specific restrictions to participation of entities not in the EU or in the EEA. These restrictions are specified in the WP and in its annexes.

Under the CEF

- Funding schemes : Similar but not exactly the same previous programme
    - CSA at 100%
    - Works: 30% of eligible costs, 50% for cross border projects, and up to 75% for projects of common interest;
- Focus is on delivery of actual results.

- The Call texts specify the detailed information needed to submit a proposal
- The programme has specific restrictions to participation of entities not in the EU or in the EEA. These restrictions are specified in the WP and in its annexes.

Open Calls

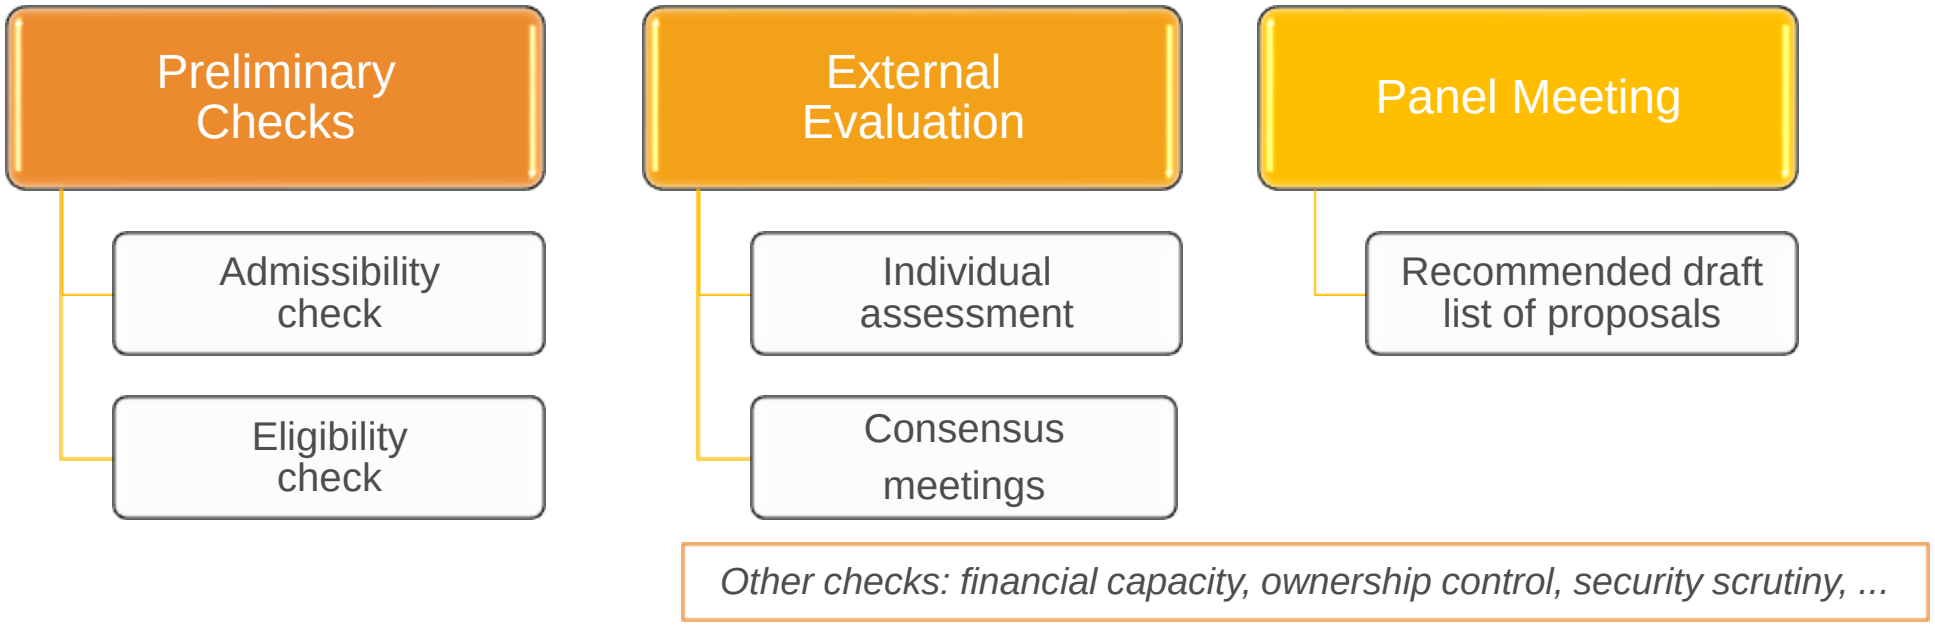
Principles for the evaluation and selection process



European Commission

Evaluation Criteria

- HE/DEP 3 criteria (Excellence, Impact, Implementation/Relevance, Implementation, Impact)
- CEF 5 criteria (Priority, Maturity, Quality, Impact, Catalytic effect)

Pay attention to:

- Consortium composition
- Some topics may **restrict the participation** to entities established in MS and controlled by MS or its legal entities
- **Page limit!**
- Include the relevant information under the right section (proposals are evaluated on the basis of what is submitted!)
- Evaluations criteria: clearly indicated in the WP and in the call text
- Read throughly the call text and the work programme text
