Recommendation 10 of the Mission on Cancer

Set up a network of Comprehensive Cancer Infrastructures within and across all EU Member States to increase quality of research and care

to ensure that each EU citizen or patient has access to, and could benefit from high-quality cancer research and care

Board definition of CCI:

“national or regional infrastructures that provide resources and services to support, improve and integrate cancer care, research, training of care professionals and education for cancer patients, survivors and families/carers. Different formats of Comprehensive Cancer Infrastructures are possible, including existing Comprehensive Cancer Centres or Care Networks.”

COMPREHENSIVE CANCER INFRASTRUCTURES 4 EUROPE

Project overview

Funded by
the European Union

CCI4EU – overview

- Objective: To strengthen the research capacities of Comprehensive Cancer Infrastructures
- Duration: 36 months
- Budget: €9,984,080
- Coordinator – ORGANISATION FOR EUROPEAN CANCER INSTITUTES (OEI)
- 55 partners from 27 Member States and 4 Associated Countries
- As part of the Governance structure there will be an “EU Actions Forum” bringing together coordinators of key associated EU projects – UNCAN, CRANE, JANE, and ECHOS.

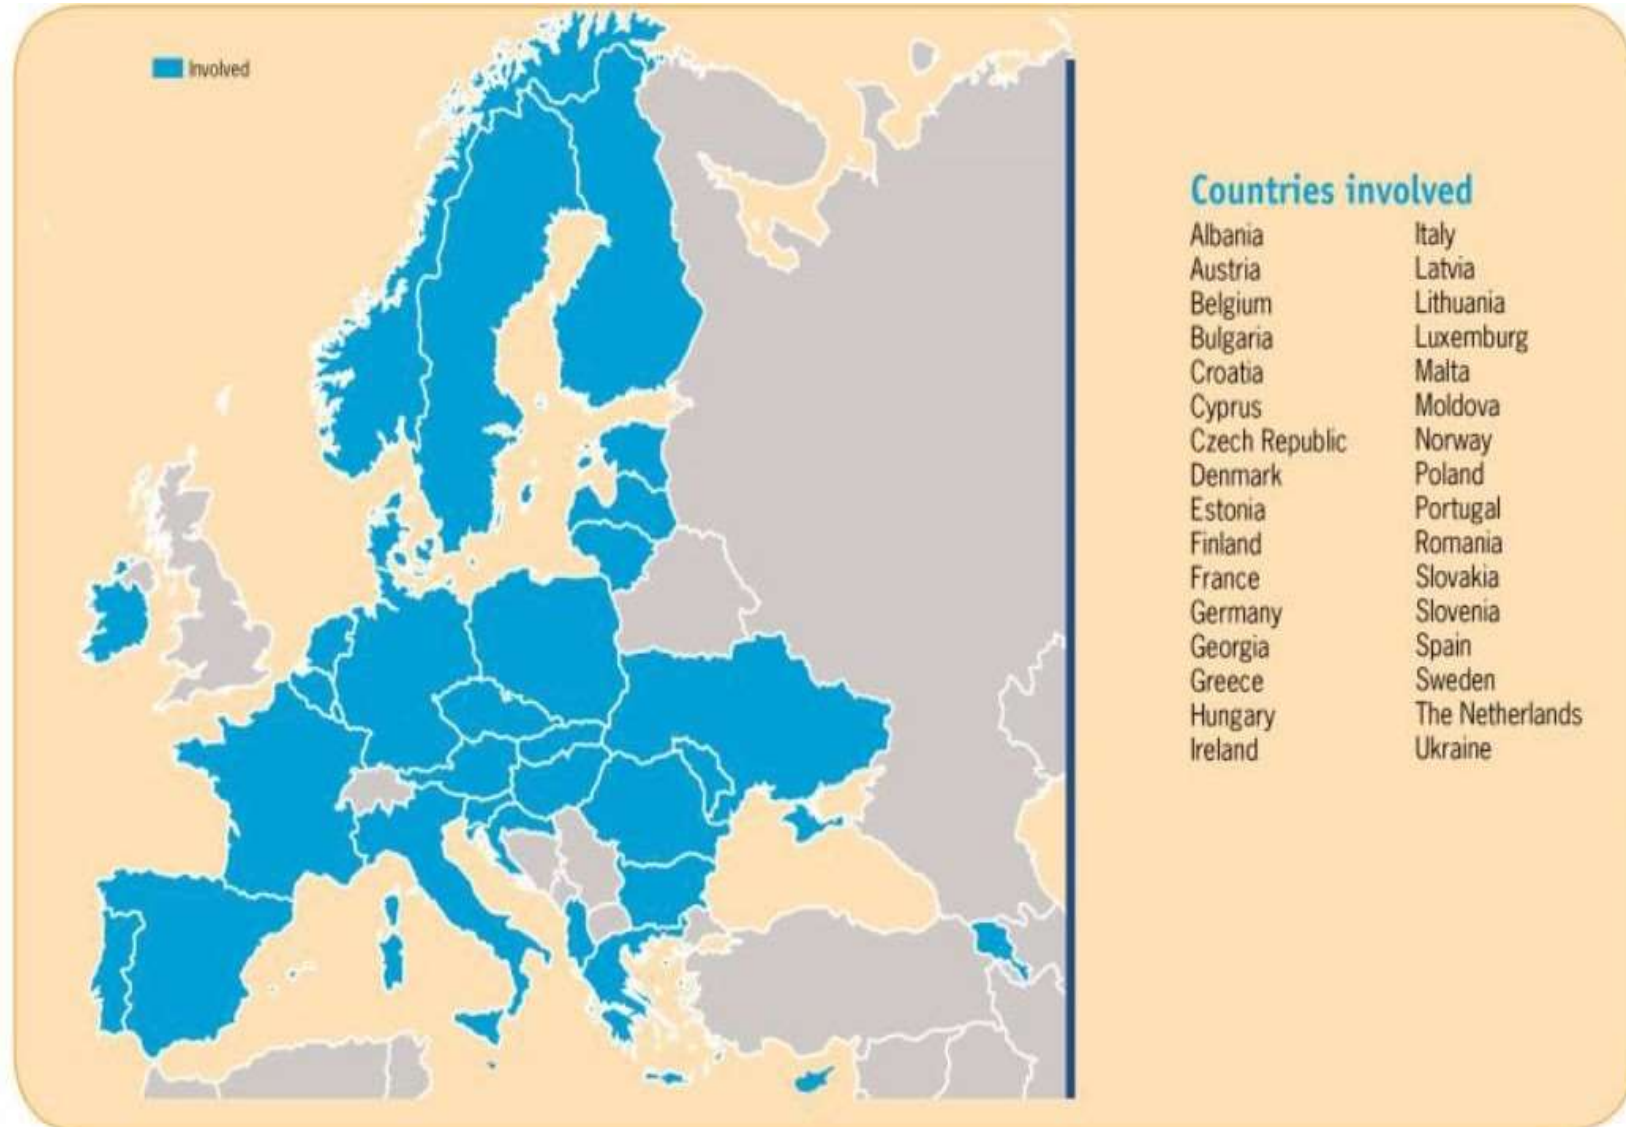

5 basic phases

- Develop the theoretical model
- Map the maturity level of each MS/CCI
- Prepare customised interventions (CBP)
- Implement tailored interventions:
 - 9 “Deep Dives”
 - 3 regional conferences with up to 100 ‘team’ delegates from CCIs each
 - Online lectures on key CCC/CCI subjects, through the ESO platform.
- Evaluate and disseminate

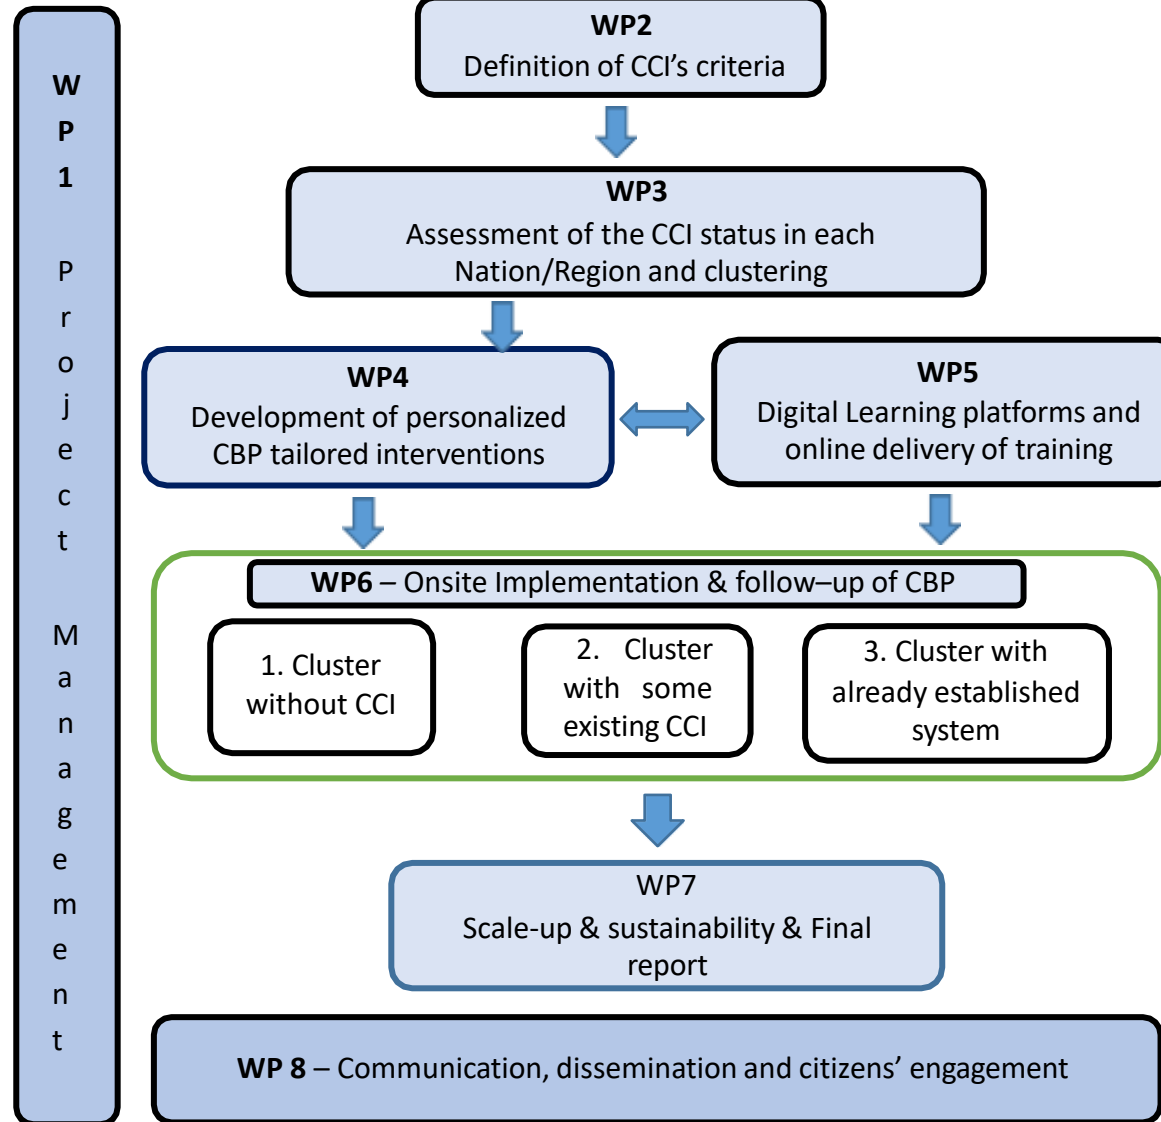

Number of Beneficiaries: 27

Number of Affiliated Entities: 28

Number of Countries involved: 32

Workpackages

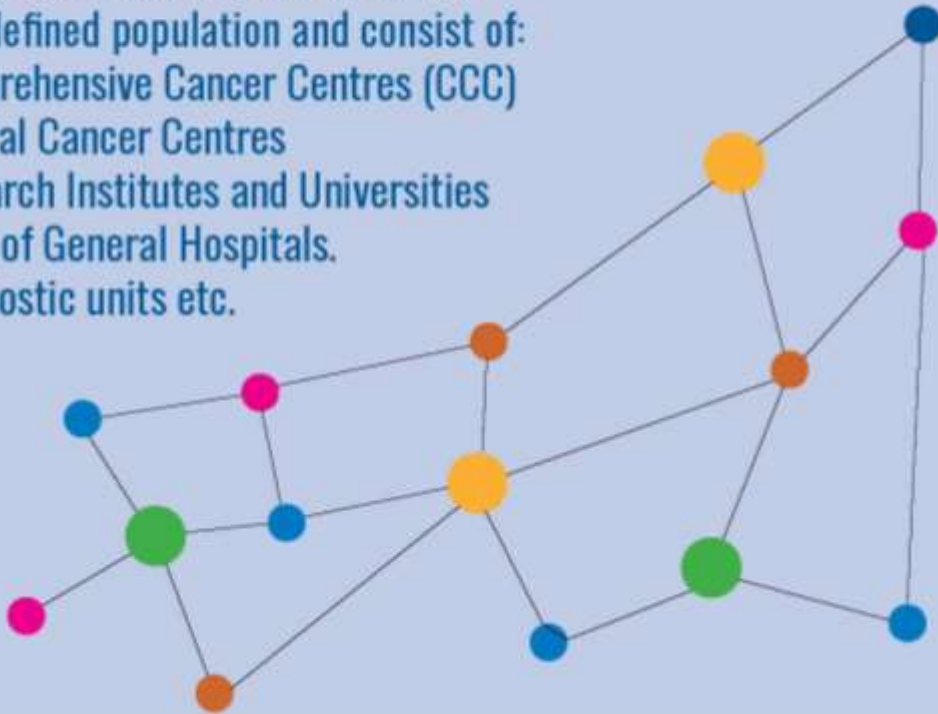

CCI A CCI should also include public functions such as public health, screening, primary and community care, and population cancer registries.

CCCN

Comprehensive Cancer Care Networks serve a defined population and consist of:

- Comprehensive Cancer Centres (CCC)
- Clinical Cancer Centres
- Research Institutes and Universities
- Units of General Hospitals.
- Diagnostic units etc.

Thank you for
your attention
